

Six Strategic Partners Commit to the CHART Exchange

Six different strategic partners have agreed to participate in the inaugural CHART Exchange event scheduled in October 2015. The firms: Wilson Elser, Iris Insurance Brokers Ltd, State National Companies, ProgramBusiness (Neilson Marketing Services) , PL Communications, and NSM Insurance Group. In addition to sending representatives to attend the event, these partners will recruit attendees, moderate workshops, and sponsor activities during the three-day session.

The CHART (Cover Holders And Risk Takers) Exchange is a forum for London markets to interact directly with U.S.-based insurance agencies. The first meeting will take place on October 12-14 at the Pennsylvania Convention Center in Philadelphia. Six different strategic partners have agreed to participate in the inaugural CHART Exchange event.

The firms: Wilson Elser, Iris Insurance Brokers Ltd, State National Companies, ProgramBusiness (Neilson Marketing Services) , PL Communications, and NSM Insurance Group. In addition to attending the event, these partners will recruit attendees, moderate workshops, and sponsor activities during the three-day session.

“All of these entities were supporters of the concept from its inception,” said Glenn Clark CPCU, 'earliest adopter' of the CHART Exchange. “Each possesses significant expertise in various aspects of the insurance transaction. Their willingness to share this knowledge with the other attendees – either through workshops or via one-on-one interaction - will add to the quality of the event. Each partner’s commitment to making CHART successful becomes even more evident when the extent of their financial investment in sponsorships is taken into consideration.”

“Consider the elite pedigree of our colleagues within their respective areas of expertise,” continues Clark. Wilson Elser is an internationally recognized law firm with offices in the U.S, U.K. and Europe. Iris is a well-respected London broker. State National offers a diverse array of collateral protection and fronting services. Both ProgramBusiness/Neilson and PL Communications are industry leaders in the marketing of insurance products. NSM is a model Lloyds Coverholder and Program Administrator. CHART is also negotiating with a number of other firms willing to make the intellectual and financial commitment to its enterprise.

The meeting agenda will include a series of workshops designed to initiate constructive dialogue and information-sharing on an array of insurance-related issues. Breakout sessions will address topics such as regulatory compliance, the appointment process, and new product submission strategies. [Click here](#) to view a brief invitational video.
